Why Choose the REAL Middle School Summer Academy for Credit?

The REAL Center recognizes that taking summer courses can place a damper on family summer plans. If a student needs to take a summer course, we want to be sure that each student receives the best opportunity to understand the subject, not just pass the course.

There can be many options available, but we believe there are many **advantages** for students who take **LIVE** summer courses!

Did you know that...

📖 ...At the REAL Center, all summer courses are taught by certified teachers?

Does your student need?

📖 ...Personal attention to assist them with concepts he/she does not understand?

- 📖 ...Full support in finding resources to complete assignments and exams?
- 📖 ...Small group sessions so that he/she can interact with other students for discussions and projects?
- 📖 ...Structured lessons with immediate feedback and response to questions?
- 📖 ...A teacher who can modify lessons based on your student's needs?

If you answered YES to any of the questions above, then our Middle School Summer Academy is the right program for your student!

In recognition of the difficult financial times facing families, we are pleased to announce a **tuition rollback** this year!

MIDDLE SCHOOL SUMMER ACADEMY

for 7TH AND 8TH grade students who need to make up courses for the 2009-2010 school year
